INTERNATIONAL SKATING UNION

1. GENERAL

The ISU Challenger Series in Figure Skating, introduced during the 2014/15 season as an ISU series of International Figure Skating Competitions has proven to be successful and an excellent tool for many Skaters to get prepared for qualifying and competing in ISU Championships.

The ISU Council reiterates that being mindful that the ISU support towards the ISU Grand Prix of Figure Skating is restricted to a limited group of organizing ISU Members, to a limited number of Skaters and to a limited number of Officials, the ISU Council agreed to financially support a restricted group of identified ISU Members traditionally staging International Figure Skating Competitions being part of the ISU Event Calendar.

This ISU support has the objective to ensure the proper and consistent organization and conduct of up to ten (10) International Competitions linked together within the ISU Challenger Series in Figure Skating giving adequate opportunities for many Skaters to compete at the international senior level and earn World Standing Points and to increase the opportunity for Officials to officiate at an international level.

The ten (10) events of the ISU Challenger Series in Figure Skating for the 2019/20 season are as follows: (only 5 events will host Pair Skating – in grey)

This information is subject to a timely normalization of the coronavirus situation allowing the safe organization of ice skating events this Autumn. While the Challenger Series events remain the property of the organizing ISU Members who remain the key decision makers for those events, the ISU is closely monitoring the respective developments with the expectation and hope that the situation will be restored to normal as quickly as possible. The ISU will inform ISU Members in case of any development or related ISU recommendations and/or decision.

2. MINIMUM REQUIREMENTS

Each International Competition as part of the ISU Challenger Series in Figure Skating must consist of "Senior" categories (see ISU General Regulations 2018, Rule 108, paragraph 3.a) and must include entries in at least three (3) disciplines of the Figure Skating Branch (Men, Ladies, Pair Skating, Ice Dance) from a minimum of ten (10) different ISU Members, in all disciplines combined.

In addition, the minimum number of **entries** per discipline are as follows:

- Men / Ladies: minimum of eight (8) entries each, from at least four (4) ISU Members;
- Pair Skating: minimum of five (5) entries from at least three (3) ISU Members;
- Ice Dance: minimum of six (6) entries from at least four (4) ISU Members.

For the criteria relating to the awarding of the special ISU World Standing Points for the ISU Challenger Series in Figure Skating please refer to paragraph 9 below.

Each competition must strictly comply with the ISU Constitution, General and Special Regulations and Technical Rules 2018, in particular but not limited to the current Rules in the ISU Constitution and General Regulations 2018 and the Special Regulations and Technical Rules Singles & Pairs and Ice Dance 2018, namely Rules 102, 108, 352 and 353.

3. ENTRIES

3.1 Participation

Participation is open to all Skaters/Couples of ISU Members., who are eligible for International “Senior” Competitions by age (Rule 108) and by citizenship (Rule 109), and entered through the respective ISU Member. Due to the Covid-19 pandemic and related travel restrictions, no maximum entries number per ISU Member shall apply

There is a limitation for the Skaters/Couples to three (3) participations in the events of the ISU Challenger Series in Figure Skating. If a Skater/Couple does not complete an event after initially drawn for starting order of the Short Program/Rhythm Dance due to illness, injury or other circumstances, such an event will count as one participation in the ISU Challenger Series.

Entries may be based on invitations extended to selected ISU Members or based open entries available to all ISU Members.

The entry deadline for each event should be **not later than 30 days prior** to the first official practice day. The exact entry deadlines of the respective event within the ISU Challenger Series in Figure Skating will be outlined in the individual event announcements. Late entries will need the approval of the ISU Vice President Figure Skating.

Participation in any of an ISU Junior Grand Prix of Figure Skating event or an ISU Grand Prix of Figure Skating event does not limit the participation in events of the ISU Challenger Series. However Skaters/Couples participating in the ISU Grand Prix of Figure Skating during the same season should not have priority to enter events of the ISU Challenger Series in Figure Skating.

Skaters/couples, who entered into an event of the ISU Challenger Series in Figure Skating and withdrew from that event after the entry deadline but before the initial starting order draw without a significant reason (injury/illness or bereavement in the family), may enter another event of the ISU Challenger Series in Figure Skating of the same season only after having sent explanations of their withdrawal to the Vice President Figure Skating, who may decide upon the entry on a case by case basis, and the ISU Secretariat.

3.2 Entry Fees

Entry fees for participation may not exceed the value of CHF 70.00 per single Skater and CHF 100.00 per Pair or Ice Dance couple.

5. RESULTS

The scoring system as described in ISU Special Regulations Single & Pair Skating and Ice Dance 2018, Rule 352 and 353 will apply.

6. DRAWS

The draws for the starting order must follow the ISU Rule 512 and 513. The initial draw for the starting order of the Short Program/Rhythm Dance may only commence on the day prior to the first competition day of the respective ISU Challenger Series in Figure Skating event. No electronic draws can be done in advance.

The starting order for the Free Skating/Free Dance should be conducted as outlined in ISU Rule 512 and 513.

7. PRACTICES

Practice sessions must be offered to the participants of the ISU Challenger Series in Figure Skating categories allowing enough time for the Skaters/Couples to complete their program at least once in the main arena with their competition music prior to the competition. Priority for practice sessions needs to be given to the ISU Challenger Series in Figure Skating categories (senior) in case there are other categories (i.e. junior) also taking part at the site of the ISU Challenger Series in Figure Skating event.

8. EVENT OFFICIALS AND COMPOSITION OF THE PANEL OF JUDGES

8.1 Appointment of Event Officials as per ISU Regulations

Following the principles of Rule 420, paragraph 5 a) of the ISU Special Regulations and Technical Rules Single & Pair Skating/Ice Dance 2018, the members of each individual Technical Panel (Technical Controller and the

Technical Specialists) must not be from the same ISU Member. The Technical Panel members must have the qualification of "ISU", however one of the three members may have the qualification "International".

The Referee must have at least the qualification "International" and can be of the same ISU Member as one member of the Technical Panel (Technical Controller and Technical Specialists).

The Data Operator and the Replay Operator must have the qualification of at least "International".

No exception can be granted with respect to the above-mentioned composition of the Technical Panels and the qualification of the Referees and Data & Replay Operators.

The Technical Panel members, the Referee and the Data and Replay Operators of International Competitions included in the ISU Challenger Series in Figure Skating must be proposed by the respective ISU organizing Member to the ISU Secretariat **latest 45 days prior to the first day of the competition**. Based on the information received and further to internal ISU consultations, involving possible changes as necessary to comply with the above-mentioned minimum requirements, the ISU Vice President Figure Skating will decide upon the final appointments of the above-mentioned Event Officials. The respective organizing ISU Member will be informed through the ISU Secretariat and must inform the participating ISU Members accordingly.

Any subsequent changes due to the non-availability of previously appointed Technical Panel members, the Referees and the Data & Replay Operators must be announced by the organizing ISU Member to the ISU Vice President Figure Skating with copy to the ISU Secretariat. If such changes, to be approved by the ISU Vice President Figure Skating, would not be in line with the above-mentioned minimum requirements, the concerned organizing ISU Members will be notified through the ISU Secretariat for possible adjustments.

If ultimately the organizing Member is unable to apply the necessary adjustments and the final appointments of the above-mentioned Event Officials would not meet the above-mentioned minimum requirements and have an impact on the status of the concerned International Competition as an event of the ISU Challenger Series in Figure Skating and consequently on the ISU World Standing Points and/or the validity of the Minimum Total Technical Scores, then the concerned organizing ISU Member will be informed accordingly through the ISU Secretariat. The organizing ISU Member must immediately inform the participating ISU Members accordingly.

8.2 Panel of Judges

The panel of Judges must include at least 7 Judges, all from different ISU Members. In exceptional cases the minimum of 6 Judges per panel may be authorized by the ISU Vice President Figure Skating. The qualification of the Judges must be at least "International".

The panel of Judges must be submitted to the ISU Secretariat latest **7 days before the first day of the competition** for reviewal and approval.

8.3 Officials Remuneration

The Judges, the Referees, the Technical Controllers, the Technical Specialists and the Data & Replay Operators officiating in the ISU Challenger Series in Figure Skating categories (senior) of the event will, at the expense of the organizing ISU Member, receive pocket money of CHF 200.00 or the equivalent in the local currency. Any Official officiating besides in the ISU Challenger Series in Figure Skating categories (senior) also in another categories (for example junior), will at the expense of the organizing ISU Member receive an additional amount of CHF 100 (or equivalent in local currency) of pocket money per additional day of service.

8.4 Expenses

The Organizing Committee will provide and cover the expenses for rooms and meals for all Referees, the Technical Controllers, the Technical Specialist, the Data and Replay Operators and Judges participating.

The Organizing Committee will cover the costs for travel expenses for all Judges, Referees, the Technical Controllers, the Technical Specialist, the Data and Replay Operators starting from dinner the day prior to the first practice day and ending with lunch the day after the Exhibition or the last Round Table Discussion, whichever is later.

9. ISU WORLD STANDING POINTS

As mentioned in ISU Communication 2339, the holding of Challenger Series events during the season 2020/21 will most likely be complicated and if held, only be accessible to a limited number of Competitors.

The Council therefore decided that for the sake of fairness, no World Standing/Ranking points will be awarded in the ISU Challenger Series in Figure Skating this season. The same principle applies to all other ISU Figure Skating International Competitions.

10. RECOGNITION OF BEST SCORES AND MINIMUM TOTAL ELEMENTS SCORE

Provided that all requirements of the composition of the Technical Panel and the Panel of Judges as per paragraph 8 above are fulfilled, the scores achieved at an event of the ISU Challenger Series in Figure Skating will be recognized as Skaters/Couples Personal Best Scores, Season Best Scores and also count for the required Minimum Total Element Score to be eligible for participation in ISU Figure Skating Championships (see ISU Special Regulations Single & Pair Skating and Ice Dance 2018, Rule 378, paragraph 3).

11. ISU CHALLENGER SERIES IN FIGURE SKATING RANKING & PRIZE MONEY

Based on the current travel restrictions imposed by the COVID-19 situation, which would not allow all Skaters to travel to the locations of the Challenger Series events, and with regards to fairness to all Skaters, the ISU Council decided there will be no Challenger Series Ranking this season and therefore no ISU Prize Money will be awarded.

12. ANTI-DOPING TESTS

Anti-Doping Tests are not mandatory, but may be performed at the discretion of each organizing ISU Member in line with the current ISU Anti-Doping Rules and Procedures (ISU Communications No. 2213 and 2243 or any further updates of these Communications).

13. ISU CONTRIBUTION

Each ISU Member, organizing an event included in the ISU Challenger Series in Figure Skating, will receive an ISU contribution of CHF 20'000. This contribution will be paid when the event has been successfully completed in line with the requirements included in ISU Communication 2307, this general announcement of the ISU Challenger Series in Figure Skating and all relevant ISU Rules and Regulations. The contribution must be used to cover the costs for the Officials Remuneration (see paragraph 8.3) and the Expenses for accommodation and travel (see paragraph 8.4). Any remaining funds may cover ice costs or other organizational expenses of the organizing ISU Member.

14. ISU GUIDELINES TO HOLD AN ISU EVENT

Each Challenger Series event will be organized in accordance with the host country's national health/sanitary requirements. Unless being in conflict with such national health/sanitary requirements, the ISU Guidelines for ISU Events during the COVID-19 Pandemic are strongly recommended to be applied. These Guidelines are available on the ISU Website.
